

## CORPORATE GOVERNANCE STATEMENT 2023

The objective of the Board is to enhance shareholder value, ensure that Allied Farmers's businesses are operated in a sustainable and ethical manner, and protect the health and safety of its staff. The Board considers there is a strong link between good corporate governance and the achievement of this objective.

The Board considers that it follows the recommendations set out in the NZX Corporate Governance Code 17 June 2022 edition (**NZSX Code**), except as stated within this report. The exceptions arise because aspects of the Code are either not relevant or appropriate for Allied Farmers given its size and that it is primarily a non-operational investment holding company.

Allied Farmer's key corporate governance documents referred to in this statement, including charters and policies, are available on Allied Farmers' website at [www.alliedfarmers.co.nz](http://www.alliedfarmers.co.nz). These were all reviewed and updated as appropriate in July 2021. The Annual Report for the financial year ended 30 June 2023 may cross-reference this Corporate Governance Statement. This statement was approved by the Board on 28 August 2023, and was accurate as at that date.

### **Principle 1 – Code of Ethical Behaviour**

**Directors should set high standards of ethical behaviour, model this behaviour and hold management accountable for these standards being followed throughout the organisation.**

Allied Farmers is committed to maintaining the highest ethical standards by Directors, staff, suppliers and customers/clients. Allied Farmers has a Code of Ethics to guide executives, management and employees in carrying out their duties and responsibilities. A copy of this is available on Allied Farmers' website. The Code covers such matters as:

- Expected conduct;
- Confidentiality;
- Use of assets;
- Corporate social responsibility; and
- Acceptance of gifts.

The Code of Ethics requires Directors and employees to promptly report material breaches of the Code. In addition, Allied Farmers has adopted a Whistle Blowing Policy that sets out the processes by which suspected serious wrongdoing can be reported, and the whistle blower is protected.

Allied Farmers has in place processes to enable all new and existing employees to be aware of and understand the Code.

Allied Farmers has a Securities Trading Policy to explain expectations and requirements for dealing in Allied Farmers securities, and to protect from the risk of breaching insider trading laws. A copy of this is available on Allied Farmers' website.

Details of Directors' share dealings are in the Shareholder Information section of the 2023 Annual Report.

## **Principle 2 – Board Composition and Performance**

**To ensure an effective Board, there should be a balance of independence, skills, knowledge, experience and perspectives.**

The business and affairs of Allied Farmers are managed directly by the Board of Directors. The Board:

- establishes long-term goals and strategic plans to achieve those goals;
- reviews and adopts the annual budgets for financial performance and monitors results monthly;
- ensures preparation of the annual and half-yearly financial statements;
- manages risk by ensuring that Allied Farmers has implemented adequate systems of internal controls together with appropriate monitoring of compliance activities; and
- works with management to create shareholder value.

Allied Farmers's Board operates under a written Board Charter which sets out the structure of the Board; the procedures for the nomination, resignation and removal of Directors; outlines the responsibilities and roles of the Chair and Directors; and identifies procedures to ensure that the Board meets regularly, conducts its meetings in an efficient and effective manner and that each Director is fully empowered to perform his or her duties as a Director of the Company and to fully participate in meetings of the Board. A copy of the Charter is available on Allied Farmers's website.

Allied Farmers is a holding company, with investments in its 67.8% owned subsidiary NZ Farmers Livestock Limited, and in 100% owned NZ Rural Land Management Limited Partnership (**NZRLM**). Management within these investments is undertaken under delegated authorities authorised and overseen by the Boards of Directors of these entities.

Directors have direct access to external contractors and advisers. Directors have the right, with the prior approval of the Chair, to seek independent legal or financial advice at the expense of Allied Farmers for the proper performance of their duties.

During FY23 an Independent Directors Committee comprising Shelley Ruha and Philp Luscombe was formed to govern the process for calling and settling the acquisition of the 50% of NZRLM not already owned. The Independent Directors Committee was formed because during that time an Allied Farmers Director, Chris Swasbrook, was one of the vendors of the 50% NZRLM stake. The Independent Directors Committee sought independent financial advice.

Other than as described above, no other instances have arisen during FY23 whereby a Board committee or individual director has needed to seek independent legal or financial advice. However, the Board has access to appropriate internal and external expertise to support board assurance activities (noting that Allied Farmers does not have an internal audit function):

- Both the Chief Financial Officer and Legal Counsel/Company Secretary have direct access to the Board and each of the Directors;
- The external Audit Firm Lead Partner has direct access to the Chair of the Audit and Risk Committee, and has "Board only" time without management present at Audit and Risk Committee meetings; and
- The Board has directly sought expert external valuation, corporate finance, tax, and legal advice as required.

### **Board Composition and Appointment**

The number of elected Directors and the procedure for their retirement and re-election at Annual Shareholders' Meetings are set out in the Constitution of the Company.

The Board reviews the criteria for selection of Directors to ensure the most appropriate balance of skills, qualifications, experience and background to effectively govern Allied Farmers.

All directors are required to retire (though may be re-elected) not later than the third annual meeting following appointment, or after three years, whichever is longer. Any Directors appointed since the previous annual meeting must also retire and are eligible for election.

The Board currently comprises of three Directors: an independent Chair (Shelley Ruha), one independent non-executive Director (Philip Luscombe), and one executive Director (Managing Director Richard Milsom). In addition to the Managing Director role, executive functions are undertaken via an arrangement with NZ Farmers Livestock Limited's Chief Financial Officer to provide financial services, and with an external contractor to provide legal, governance and company secretariat services.

The Board supports the separation of the roles of Chair and the executives, and the appointment of an independent Chair.

In order for a Director to be independent, the Board has determined that he or she must not be an executive of Allied Farmers and must have no disqualifying relationships as defined by the NZX Listing Rules. At each Board meeting, the Board reviews and updates the Directors' Interest Register.

The 2023 Annual Report sets out the factors that the Board has considered in determining the independence of Directors. Information on each Director is available on the Allied Farmers website. Changes to Director's interests and initial Director's interests disclosed to the Company during FY23 are disclosed in the Shareholder Information section of the 2023 Annual Report.

Allied Farmers has written agreements with new Directors in relation to their appointment.

The Company encourages all Directors to undertake appropriate training and education so that they may best perform their duties. This includes attending presentations on changes in governance, legal and regulatory frameworks; attending technical and professional development courses; visiting key operational saleyard facilities and attending presentations from industry experts and key advisers. In addition, updates are provided to the Board on relevant industry and Company issues.

At appropriate times the Board considers individual and collective performance, together with the skill sets, training and development and succession planning required to govern the business. The Board undertook a Board performance survey in July 2022. Given that 2 of the 3 current Directors were appointed within the previous 9 months, the Board considers that best value will be derived by deferring the next Board performance survey to the 2024 calendar year.

The following Board skills matrix outlines the qualifications, capabilities, geographical location, tenure and gender of each member of the Board.

<b>Director</b>	<b>Shelley Ruha</b>	<b>Richard Milsom</b>	<b>Philip Luscombe</b>
Qualification	BCom	BCom (Finance and Economics)	BAGSci (Hons).
Strategic knowledge of livestock agency businesses	No	Yes	Yes
Strategic knowledge of funds management business	Yes	Yes	No
Financial	Yes	Yes	Partial
Risk management/regulatory	Yes	Partial	Partial
Sustainability	No	Yes	Yes
Legal	No	No	No
People Leadership and culture	Yes	Yes	Yes
Listed Company Governance	Yes	Yes	Yes
Capital markets	Yes	Yes	No
Geographic location	Auckland	Auckland	New Plymouth
Tenure	9 months	5 months	16 years
Gender	Female	Male	Male

## Diversity

Allied Farmers adopted a Diversity Policy in August 2020.

The Diversity Policy describes Allied Farmers' support for an inclusive culture where it is accepted that all forms of diversity add real value, and sets out the manner in which the Board will champion diversity. A copy can be found on Allied Farmers' website.

A quantitative breakdown as to the gender composition of Directors and Officers at 30 June 2023 and comparative data for the previous year can be found in the 2023 Annual Report.

## Board Meetings and Attendance

The Board meets as often as it deems appropriate, including sessions to review the performance of the business versus plans, and to consider the strategic direction of Allied Farmers and its forward-looking business plans. Phone and video conferences are also used as required.

The table below sets out Director attendance at Board and committee meetings during FY23.

	Board	Audit and Risk	Remuneration Committee
<b>Total number of meetings</b>	<b>6</b>	<b>2</b>	
Philip Luscombe	6	2	1
Christopher Swasbrook (ceased 5.4.23)	3	2	
Mark Franklin (ceased 14.11.22)	1	0	
Shelley Ruha (appointed 9.11.22)	5	1	1
Richard Milsom (appointed 5.4.23)	2	0	

## Principle 3 – Committees

**The Board should use committees where this will enhance its effectiveness in key areas, while still retaining Board responsibility.**

### Audit and Risk Management Committee

The Board has delegated a number of its responsibilities to the Audit and Risk Committee to assist in the execution of the Board's responsibilities.

The Audit and Risk Committee reviews and analyses policies and strategies that are within its terms of reference. It examines proposals and, where appropriate, makes recommendations to the full Board. The Audit and Risk Committee does not take action or make decisions on behalf of the Board unless specifically mandated by prior Board authority to do so.

The Audit and Risk Committee meets as required and has a Charter which is approved and reviewed by the Board. A copy of the Audit and Risk Committee Charter is on the Allied Farmers website.

Minutes of each committee meeting are forwarded to all members of the Board, who are all entitled to attend any committee meeting.

The Audit and Risk Committee is empowered to seek any information it requires from employees in pursuing its duties and to obtain independent legal or other professional advice.

The Audit and Risk Committee provides a forum for the effective communication between the Board and external auditors. The Committee reviews the annual and half-yearly financial statements prior to their approval by the Board, the effectiveness of internal control and management information systems and the efficiency and effectiveness of the audit function.

The Committee must be comprised solely of Directors of Allied Farmers, have a minimum of three members, have a majority of independent Directors and have at least one Director with an accounting or financial background. The makeup of the current members of this committee complies with this.

Members as at 30 June 2023 were Philip Luscombe (Chair), Shelley Ruha and Richard Milsom. The Audit and Risk Committee Chair is an independent director.

Executives may attend meetings only at the invitation of the Committee and the Committee has committee-only time with the external auditors without management present.

The membership and performance of the Audit and Risk Committee was evaluated as part of the Board performance survey in July 2022.

### **Remuneration and/or Nominations Committee**

Due to the modest size of Allied Farmers, and the desire to contain compliance costs, the Board has to date determined that a separate standing Remuneration and/or Nominations Committee is not required. Up until recently the Board has considered that the purpose and roles performed by a separate Remuneration and/or Nomination Committee can be appropriately performed by the full Board without compromising the probity of its decision making. The Board has determined to review this decision from time to time, and in particular has agreed to form a Remuneration Committee and/or Nomination Committee if the Board considers that, for reasons such as ensuring independent and non-conflicted decision making, such a committee is necessary. A Remuneration Committee of Shelley Ruha and Philip Luscombe was formed to assess and make recommendations on the base remuneration, Short Term Incentive Scheme and Long Term Incentive Schemes for Managing Director Richard Milsom. The Board will consider instituting a formal Remuneration and/or Nominations Committee for FY24 given that Allied Farmers now has an executive director.

From time to time, other special purpose committees may be formed to review and monitor specific projects with senior management.

In the case of a takeover offer, Allied Farmers will form an Independent Takeover Committee to oversee disclosure and response and engage expert legal and financial advisors to provide advice on procedure. A Takeover Response Protocol has been adopted.

### **Principle 4 – Reporting and Disclosure**

#### **The Board should demand integrity in financial and non-financial reporting, and in the timeliness and balance of corporate disclosures.**

Allied Farmers's Directors are committed to keeping investors and the market informed of all material information about the Company and its performance, in a timely manner. Allied Farmers has adopted a Continuous Disclosure Policy to ensure that material information is identified, reported, assessed and, where required, disclosed to the market in a timely manner. A copy of the Continuous Disclosure Policy is available on Allied Farmers's website.

In addition to all information required by law, Allied Farmers also seeks to provide sufficient meaningful information to ensure stakeholders and investors are well informed, including financial and non-financial information.

#### **Financial Information**

The Chief Financial Officer is responsible for implementing and maintaining appropriate accounting and financial reporting principles, policies, and internal controls designed to ensure compliance with accounting standards and applicable laws and regulations, including relevant tax legislation.

The Audit and Risk Committee oversees the quality and integrity of external financial reporting, including the accuracy, completeness, balance and timeliness of financial statements. It reviews Allied Farmers's full and half year financial statements and makes recommendations to the Board concerning accounting policies, areas of judgement, compliance with accounting standards, stock exchange, legal and tax requirements, and the results of the external audit.

For the financial year ended 30 June 2023, the Directors believe that proper accounting records have been kept that enable the determination of the Company's financial position with reasonable accuracy, and facilitate compliance of the financial statements with the Financial Markets Conduct Act 2013. The Chief Financial Officer has confirmed in writing to the Board that Allied Farmers' external financial reports present a true and fair view in all material aspects.

Allied Farmers' full and half year financial statements are available on the Company's website.

## **Non-financial information**

The Board recognises the importance of non-financial disclosures. The Group monitors progress in business sustainability as it seeks to actively improve the social and environmental characteristics of the business. This is a goal to which the Group is strategically committed and which it incorporates in its day-to-day operations. In addition, NZ Farmers Livestock invests in a range of social responsibility initiatives that support staff, customers and the communities in which it operates.

In July 2020, the Board adopted a Sustainability Statement that describes what sustainability specifically means for Allied Farmers and how sustainability will be actioned across its people, communities and the environment. A copy of the Sustainability Statement can be found on Allied Farmers's website.

The Company considers that shareholders, and the investment market generally, should be promptly informed of all major business events that influence the company, and to ensure compliance with NZX Continuous Disclosure requirements.

The Company aims to manage its businesses in a way that will produce positive outcomes for all stakeholders including the public, customers, team members, suppliers and shareholders.

Allied Farmers discusses its strategic objectives, and its progress against these, in its commentary in shareholder reports, and at the Annual Shareholders Meeting. Allied Farmers supports NZFL's and NZRLM's (as manager of NZ Rural Land Company Limited) commitment to using their resources responsibly, and identification of opportunities to reduce any negative environmental risk or impact from business operations, products and services.

NZ Farmers Livestock is also committed to providing fair and responsible products and services. Compliance is monitored through periodic auditing and legal review, and senior management oversight of practices.

Disclosures relating to the NZ Rural Land Company Limited's sustainability practises can be found in its Annual Reports.

## **Principle 5 – Remuneration**

### **The remuneration of Directors and executives should be transparent, fair and reasonable.**

Remuneration of Directors and senior executives is the Board's responsibility. The Allied Farmers and NZ Farmers Livestock Limited Boards take account of external market factors and internal factors in determining the remuneration of senior executives. Allied Farmers has adopted a Remuneration Policy, a copy of which is on the Allied Farmers website.

### **Director Remuneration**

The total remuneration pool available for Directors has been fixed by shareholders at a maximum of \$332,000 per annum for all non-executive Directors. The Board determines the level of remuneration paid to Directors from that pool. Directors also receive reimbursement for reasonable travelling, accommodation and other expenses incurred in the course of performing their duties.

Directors do not receive any retirement benefits, and do not receive share options. Whilst Allied Farmers strongly encourages Allied Farmers' share ownership to support shareholder alignment, it is not compulsory given that person circumstances may mean share ownership is not appropriate or achievable.

Allied Farmers may appoint additional non-executive directors in due course. The Directors' potential fee pool includes future directors' fees and has been fixed.

Any proposed increases in the non-executive Director fee pool will be put to shareholders for approval. If independent advice is sought by the Board, it will be disclosed to shareholders as part of the approval process.

## Board Role Approved Remuneration

Directors' fees are allocated by the Directors per annum as follows with effect from 1 December 2021:

- Allied Farmers Ltd Chair - \$70,000; and
- Non-Executive Director - \$55,000,

with no additional fees for committee chairs, committee membership, or representation on subsidiary company boards of directors. Details of individual Directors' remuneration are set out in the Shareholder Information section of the 2023 Annual Report. The Managing Director does not receive director's fees in addition to his executive remuneration.

## Executive Remuneration

In general, senior executive remuneration comprises a fixed base salary and an at-risk short-term incentive payable annually. In addition, Allied Farmers Managing Director will, subject to shareholder approval at the FY23 Annual Meeting, have a long term incentive scheme. At-risk incentives are paid against targets agreed with executives and are based on financial measures including earnings targets and progress against objectives related to the strategic plan and other personal objectives.

The review and approval of Allied Farmers Managing Director's remuneration is the responsibility of the Allied Farmers Board. Details of his remuneration are set out in 2023 Annual Report.

The review and approval of NZ Farmers Livestock Limited's Chief Executive's remuneration is the responsibility of the NZ Farmers Livestock Limited Board. Details of his remuneration are set out in 2023 Annual Report.

## Principle 6 – Risk Management

**Directors should have a sound understanding of the material risks faced by the issuer and how to manage them. The Board should regularly verify that the issuer has appropriate processes that identify and manage potential and material risks.**

The Board has overall responsibility for the Company's system of risk management and internal control. The Board regularly reviews the risks relating directly to Allied Farmers. The Board of Allied Farmers delegates day to date management of the risks relating to NZ Rural Land Management to its Managing Director. The Board of NZ Farmers Livestock Limited delegates day to date management of the risks relating to NZ Farmers Livestock Limited to its Chief Executive. The Audit and Risk Committee provides an additional and more specialised oversight of Allied Group risks in addition to the oversight provided by the Board. The Audit and Risk Committee's Charter details the Committee's responsibilities regarding risk assurance.

The Board is satisfied that major risks are reviewed including through a Risk Management Framework to identify areas of significant business risk, and implement procedures to effectively manage those risks. The Risk Management Framework covers the following aspects relating to risk management:

- Creating an operating risk compliance culture and accountability;
- Monitoring of operating risk and compliance policies;
- Training and support; and
- Reporting and review of separate risk matrices for each of the following key risk areas:
  - Human Resources (including Health and Safety)
  - Allied Farmers Governance
  - Agency Operations
  - Finance Operations
  - Farmers Meat Export Operations.

To date the NZ Farmers Livestock Chief Executive has provided a signed certificate to the Board of compliance with the constitution, laws and regulations, NZX Listing Rules, and corporate policies, (including in relation to Health, Safety and the Environment). From FY24 this will be provided by the Allied Farmers Managing Director.

Where appropriate, the Board obtains advice directly from external advisers. Once a significant business risk is identified, the Board is advised and action is taken promptly to mitigate and monitor or, if there are benefits to be obtained, take advantage of these in addressing the risks.

Allied Farmers maintains insurance policies that it considers adequate to meet its insurable risks. More details of Allied Farmers' financial risk management are available in the FY23 Financial Statements.

## **Health and Safety**

Allied Farmers is a holding company and does not undertake any operations in the context of a health and safety environment.

### *NZ Farmers Livestock*

#### *NZ Farmers Livestock*

Allied Farmers's majority owned subsidiary, NZ Farmers Livestock Limited, and its wholly and part-owned subsidiaries are operational businesses, and the Board of Directors of NZ Farmers Livestock is responsible for ensuring that the systems used to identify and manage health and safety risks are fit for purpose, effectively implemented, regularly reviewed and continuously improved. The NZ Farmers Livestock Board recognises that effective management of health and safety is essential for the operation of a successful business, and its intent is to prevent harm and promote wellbeing for employees, contractors and customers. The NZ Farmers Livestock Board receives and discusses a Health and Safety report at each Board meeting, which includes a report on accidents, sick leave trends, and twelve months rolling LTIFR.

NZ Farmers Livestock has adopted a Health, Safety and Wellness Charter and Policy and a Health and Safety Handbook and Policy Manual, continues to drive increasing focus on health and safety objectives, and holds regular health and safety meetings for each saleyard at which it operates. A summary report of these meetings, health and safety audits and all significant injuries are reported to the NZ Farmers Livestock and Allied Farmers' Boards. The Board of NZ Farmers Livestock receives at each Board meeting a Health and Safety report including a certificate from management of compliance with the Health and Safety at Work Act 2015.

### *NZ Rural Land Management/NZ Rural Land Company*

Allied Farmers owns 100 percent of NZRLM, the contracted manager of NZX listed NZ Rural Land Company Limited (**NZL**). Accordingly, NZL's health and safety is overseen by the NZL Board.

NZL and its tenants share a vision of sustainable practices. These include practices that enhance the health and wellbeing of the natural environment, animals and communities connected to the land. NZL is prioritising working with tenants who share these values. Additionally, NZL and its tenants agree to binding sustainability pledges in leases.

NZL owns farming property and leases it to tenants, and NZRLM manages the lease arrangement on behalf of NZL. This scenario creates overlapping health and safety duties for the properties. NZL, NZRLM, and the tenant have carefully considered each parties' ability to influence and control health and safety matters, and are progressing toward reflecting this in a Health and Safety Overlapping Duties Agreement. This takes into account who has control over work activity, control of the workplace and control over workers, and allocates in a detailed register responsibilities based on who is in the best position to control, influence and manage each health and safety obligation to ensure successful implementation and avoid duplication of efforts.

In addition, both NZL and NZRLM are developing a Health & Safety Management Plan, and NZRLM has developed a Quarterly Health and Safety Governance Report for the NZL Board which will provide an update and performance rating for each risk.

## **Principle 7 – Auditors**

### **The Board should ensure the quality and independence of the external audit process.**

The Allied Farmers Board is committed to ensuring audit independence, both in fact and appearance, so that Allied Farmers' external financial reporting is viewed as being highly objective and without bias.

The Audit and Risk Committee reviews the quality and cost of the audit undertaken by the Company's external auditors and provides a formal channel of communication between the Board, senior management and external auditors.

The Audit and Risk Committee approves the auditor's terms of engagement, audit partner rotation (at least every five years) and audit fee, and reviews and provides feedback in respect of the annual audit plan. The Board is aware that a lengthy audit firm tenure has the potential to compromise auditor independence, and therefore will rotate the audit firm after 10 years unless on balance it is not in the interests of Allied Farmers to do so. The Committee periodically has time with the external auditor without management present. The Audit and Risk Committee also assesses the auditor's independence on an annual basis.

An External Auditor Independence Policy has been adopted and sets out the services that may or may not be performed by the external auditor.

RSM Hayes Audit is the external auditor for Allied Farmers, and has conducted the statutory audit for the financial year ended 30 June 2023. RSM Hayes Audit and its Lead Audit Partner, Jason Stinchcombe were appointed with effect from 31 March 2022.

All audit work at Allied Farmers is fully separated from non-audit services, to ensure that appropriate independence is maintained. No non-audit services were provided by RSM Hayes Audit. The amount of fees paid to RSM Hayes Audit for audit work in FY23 are identified in note E2 of the consolidated financial statements. At the 2022 Annual Meeting shareholders authorised the Directors to fix the auditor's fees and expenses for the ensuing year.

RSM Hayes Audit has provided the Audit and Risk Management Committee with written confirmation that, in its view, it was able to operate independently during the year.

RSM Hayes Audit attended the 2022 Annual Shareholders' Meeting and were available to answer any questions.

Allied Farmers has a number of internal controls overseen by the Audit and Risk Committee and/or the Board of either Allied Farmers or NZ Farmers Livestock (as appropriate). These include controls for computerised information systems, cyber risk and information security, business continuity management, insurance, health and safety, conflicts of interest, and prevention and identification of fraud. The Company does not have an internal audit function.

## **Principle 8 – Shareholder Rights and Relations**

**The Board should respect the rights of shareholders and foster constructive relationships with shareholders that encourage them to engage with the issuer.**

The Board is committed to open and regular dialogue and engagement with shareholders. Allied Farmers seeks to ensure that investors understand its activities by communicating effectively with them and giving them access to clear and balanced information.

Allied Farmers has a calendar of communications and events for shareholders, including but not limited to:

- Annual and Interim Reports
- Market Announcements
- Annual Shareholders' Meeting
- Easy access to information through the Allied Farmers website [www.alliedfarmers.co.nz](http://www.alliedfarmers.co.nz)
- Access to management and the Board via the "Contact Us" facility on the Allied Farmers website.

Shareholders are actively encouraged to attend the Annual Shareholders' Meeting, may raise matters for discussion at this event, and may vote on major decisions that affect Allied Farmers. Voting is by poll.

In accordance with the Companies Act 1993, Allied Farmers' Constitution and the NZX Main Board Listing Rules, Allied Farmers refers major decisions that may change the nature of the Company to shareholders for approval.

All shareholders are given the option to elect to receive electronic communications from the Company.

The Notice of 2022 Annual Meeting was provided to shareholders within the 10 working days' notice requirement under the Companies Act 1993. The NZX Corporate Governance Code recommends not less than 20 working days' notice. The period was shorter because Allied Farmers, within the 20 working day period, appointed Shelley Ruha as a director, and therefore was required to re-issue its Notice of Meeting to include her re-election at the Annual Meeting.

**Exercise of disciplinary powers**

No disciplinary action has been taken by either the NZX or the FMA against the Company during the financial year ended 30 June 2023.
